

LEKKER

®

44.

# Lightweight. Comfortable. Super fast.

## BORN FROM ADVENTURE

When LEKKER's founder Meindert Wolfraad travelled the world, he discovered that the Amsterdam way of living appealed to people everywhere. Moving around on your own terms, taking control - whether it's on the road, the canals or open sea. The freedom to move your own way.

After years of carefully building boats, we've become experts in capturing the essence of sociable and comfortable boating experiences with the added power of a speedboat. By only using high quality aluminium, our boats are extremely flexible in design and we can meet even the most unique desires.

Today, more than 180 indestructible and convenient LEKKER Boats roam the waters from Australia, France to Miami beach. LEKKER enables people worldwide to create meaningful and lasting memories with the people closest to them.

Meindert Wolfraad

**“The new 44 is an indispensable asset to our LEKKER fleet. Now your adventure doesn't need to stop when the sun goes down.”**

# 44.

The LEKKER 44 is your spontaneous weekend getaway. Swim at the best beaches of the Bahamas, hop across Greek islands or enjoy a romantic dinner with the flickering lights from the Adriatic coastline in the background. And yes, it's fast - really fast.

## Next level social yacht

### + Space

With it's 44 feet, space is what you get. The backside of the ship offers 2 large tables for lunch or diner with family & friends. Go below deck for a nap, prepare food or take a shower.

### + Easy going

With the Volvo Penta joystick system, docking is easy. The system gives you complete control over the boat and makes it possible for everyone to dock safely.

### + Speed

Enjoy the world with exceptional speed. With the 44 you can achieve 51 knots with the triple engine setup and conquer the waters, without spilling your drink.

### + Custom built

Each 44 is designed and built by LEKKER in the Netherlands. We involve new boat owners closely in the process, to equip the yacht with innovative gadgets to fit every need.

\*depends on type of engine

# Custom built

Smart by design. Bigger isn't always better.  
So why choose a 50 foot boat if you can  
have the same space with the LEKKER 44?  
Combine speed with ultimate comfort.

## MODULAIR INTERIOR

Enjoy the LEKKER 44 in a  
way that suits you best.  
Just tell us your ideas and  
we will take it from there.
